

RPR® | Federal Economic Area Report

How do I create a Federal Economic Area Report?

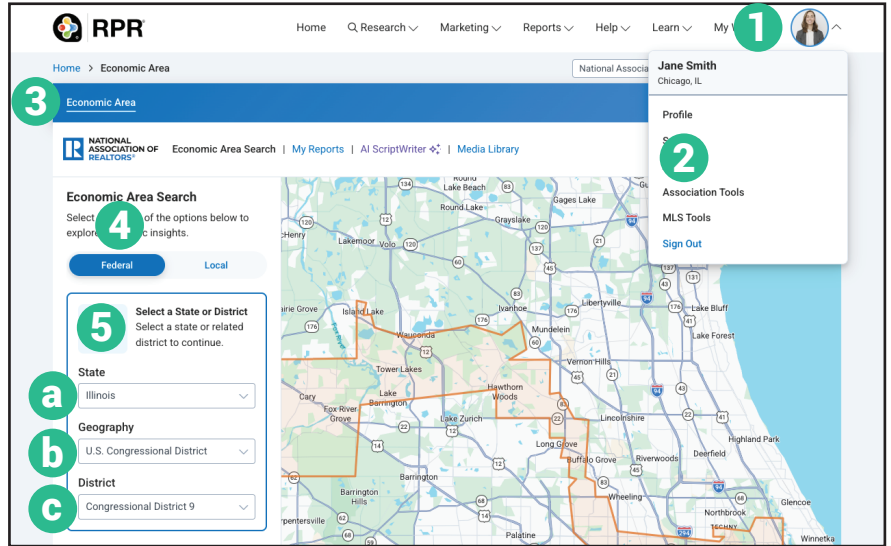

● Log in to RPR at www.narrpr.com.

1 From the top toolbar, select your profile photo or initials.

2 Click *Association Tools*.

3 Select *Economic Area*.

4 Click *Federal*.

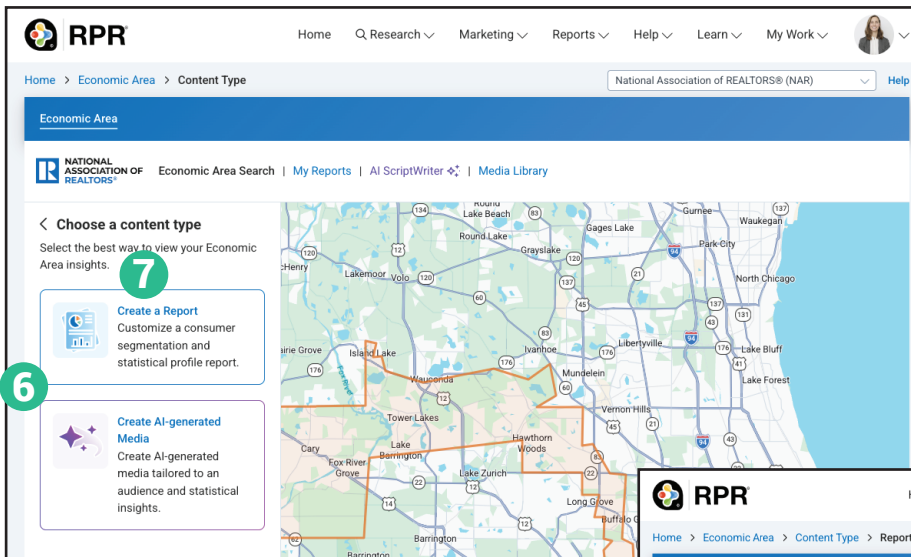

5 Pick your geography.

a Choose your *State*.

b Choose *U.S. Congressional District* as your Geography Choice (or *State* if you are an FPC for a Senator).

c Select your assigned district.

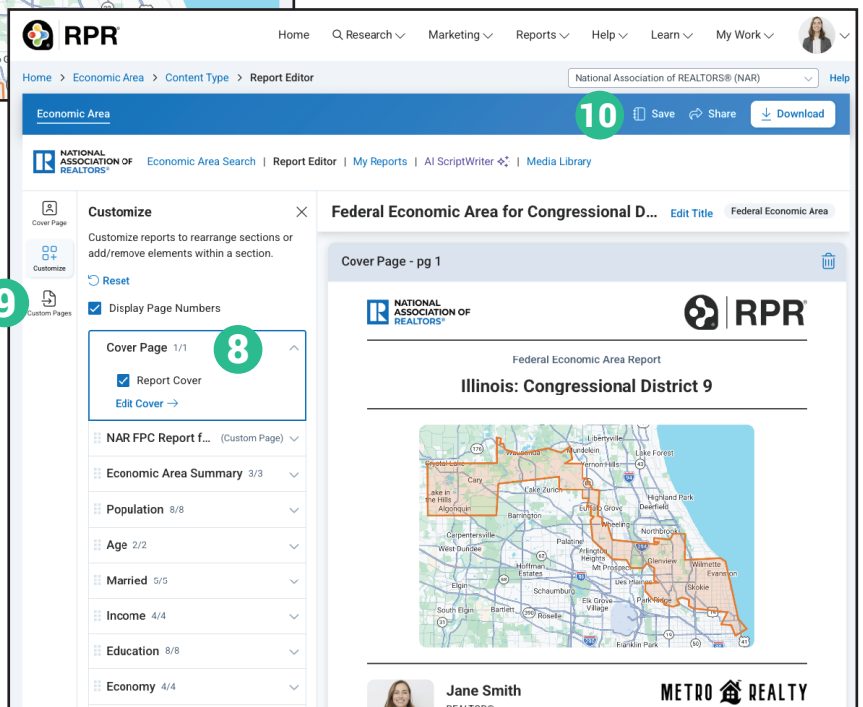

6 Choose *Create a Report* or *Create AI-generated Media*.

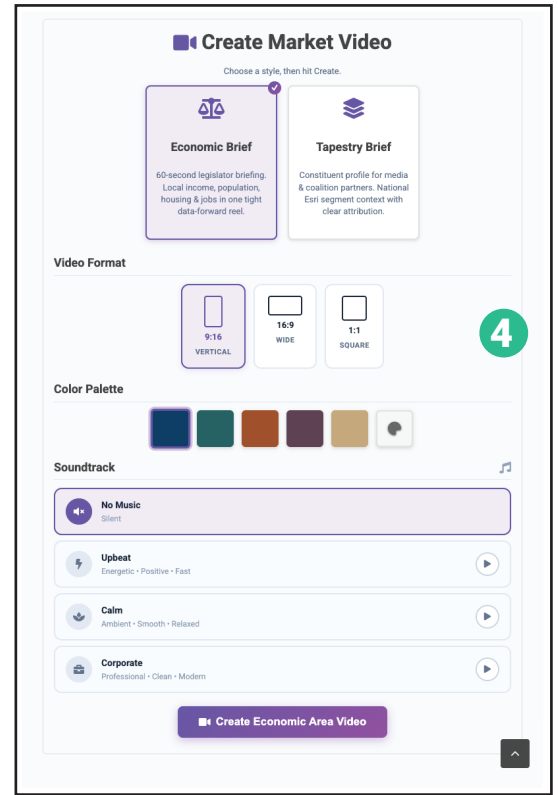

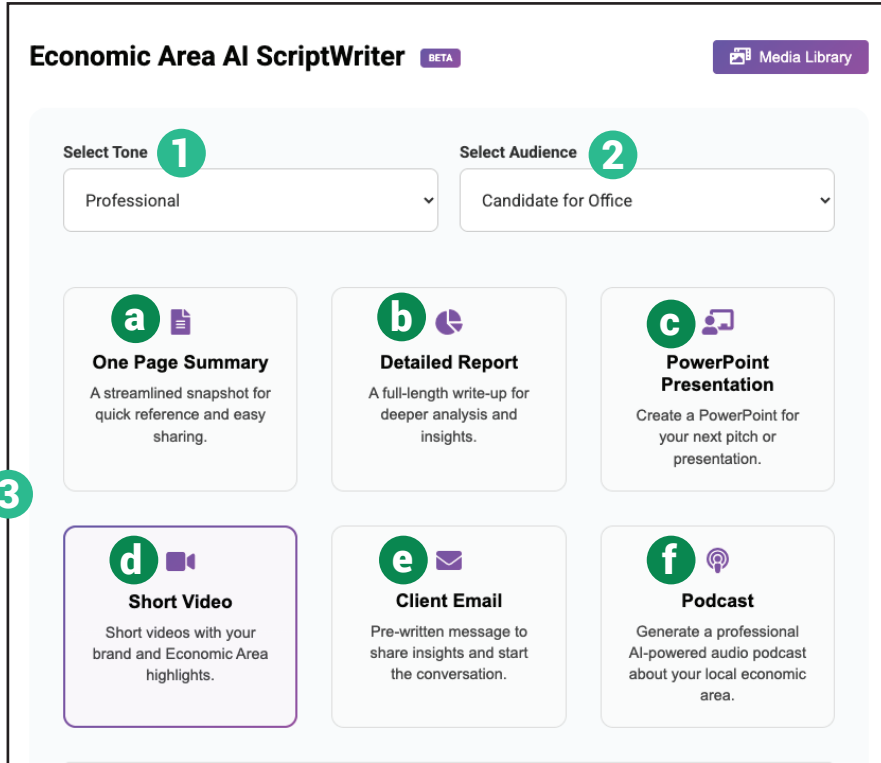

7 From *Create a Report*, title your report and select *Continue*.

8 Choose the report's cover elements and customize your report.

9 Add any custom pages to your report.

10 Select *Save* to save your report. Select *Share* to copy a dynamic link or email your report. Select *Download* to immediately download a PDF.

Summarize the Economic Area data with the AI ScriptWriter.

- 1 Choose your tone: *Professional, Friendly, Confident, Conversational* and more.
- 2 Choose your audience: *Member of Congress/Congressional Staff, State Legislator/Legislative Staff, Local Media/Editorial Board* and more.
- 3 Select content to generate:
 - a *One Page Summary*: Executive Brief, Talking Points, Advocacy Pitch and more.
 - b *Detailed Report*: Full Analysis, Comparative (Local vs. National), issue Focused or Legislative Background.
 - c *PowerPoint Presentation*: Full outline and presentation for your next pitch or presentation.
 - d *Short Video*: Market Video with your brand and Economic Area highlights.
 - e *Client Email*: Pre-written messaging to share insights and start the conversation.
 - f *Podcast*: Professional AI-powered audio podcast about your local economic area.
- 4 Make your individual selections and generate your content.
- Choose your delivery method.
